

EP68™

4 in 1 Carpet Cleaner

TECHNICAL DATA SHEET

Packaging Code

4 x 1,8 L (0.48 US gal) 2049257001

4 x 4 L (1.06 US gal) 2049278001

Description:

EP68 4 in 1 Carpet Cleaner is a highly efficient cleaner for carpets where a neutral pH range solution is desirable. Use EP68 for carpet extraction, bonnet buffing, carpet spotting and as a traffic lane cleaner. The powerful cleaning agents in EP68 will quickly remove soils without harming the carpets. EP68 will resist re-soiling and effectively remove salt. EP68 is ideal for hotels, office buildings, schools, hospitals, fitness centers and virtually every other kind of facility.

NOTE: Pre-test for colourfastness in an inconspicuous area of the carpet.

Av-mixx Use Directions:

** Please note: To avoid excess foaming, place Av-mixx hose at the bottom of the spray bottle and/or bucket.

- 1) For Carpet Cleaning, Extraction and Bonnet Buffing, using the Av-mixx dilution control system fill either a carpet extractor or a bonnet buffer using the high flow button (select button with the mop bucket icon) and cold water. EP68 will automatically be diluted at 1:350.
- 2) For Spotting, using the Av-mixx dilution control system fill a spray bottle using the low flow button (select button with the spray bottle icon) and cold water. EP68 will automatically be diluted at 1:128.

Standard Use Directions:

** Note: To avoid excess foaming, pour water first then EP68.

FOR CARPET EXTRACTION AND BONNET BUFFING: Mix 3 ml (0.1 oz or 1:350) of EP68 per liter (0.26 gallon) of cold water using the portion aid provided. For a 946 ml (32 oz) spray bottle, mix 3 ml (0.1 oz or 1:350) with cold water.

FOR CARPET SPOTTING: For a 946 ml (32 oz) spray bottle, mix 7 ml (1/4 oz or 1:128) of EP68 using cold water.

- 1) Apply EP68 solution to surface to be cleaned with a bonnet mop, carpet extractor, spray bottle, cloth or brush.
- 2) Agitation may speed up the cleaning action.
- 3) Once soils are loosened, pick-up solution with an extractor, wet dry vacuum or a damp cloth.

FOR TRAFFIC LANE CLEANER: Mix 4 ml (0.13 oz or 1:250) of EP68 per liter (0.26 gallon) of cold water using the portion aid provided. For a 946 ml (32 oz) spray bottle, mix 4 ml (0.13 oz or 1:250) using cold water.

FOR SALT REMOVAL: For carpet extractors, mix 3 ml (0.1 oz or 1:350) of EP68 per liter (0.26 gallon) of cold water using the portion aid provided. For a 946 ml (32 oz) spray bottle, mix 3 ml (0.1 oz or 1:350) of EP68 using cold water.

After the carpet is dry, vacuum thoroughly to remove any potential residue remaining from the cleaner.

Although this product has extremely reduced risk, if you are suffering from asthma or chemical sensitivity you may want to avoid the area for at least 24 hours.
